

ROSEAU COUNTY EMERGENCY MANAGEMENT MITIGATION PLANNING MEETING

Roseau County Emergency Management would like to invite you to participate on the County's mitigation planning process. All hazard mitigation planning is a federal requirement that occurs every five years. The County is taking a community wide approach to the planning process and as such everyone is welcomed and encouraged to participate. To facilitate the planning process the County is hosting a series of mitigation planning meetings. These mitigation planning meetings will be held at the Roseau County Courthouse, Commissioners Meeting Room. The next meeting will be held on November 20, 2013 at 1:00 p.m..

While meeting topics will vary, the meetings will generally include a detailed discussion concerning issues such as the mitigation planning process, community profiling, hazard profiling, disaster modeling, mitigation actions/strategies etcetera. Note, question and answer periods will be offered for each meeting. In preparation of the meetings, one can obtain an electronic draft copy of the current mitigation plan and specific information concerning the meetings by emailing Emergency Management Director Kathy Seby at Kathy.seby@co.roseau.mn.us. Roseau County Emergency Management will provide additional notices concerning future events and the dates and times of the meetings over the next several months. If you have any questions or comments concerning the Roseau County Hazard Mitigation Plan Update process, please contact Kathy at 218-463-3375.
