

Anyone want to take a guess at this one? What happened on Jan 27, 1973? Yup. The Vietnam Ceasefire.

To all you Vietnam vets—please come in and visit. Your honorable service to our nation is greatly appreciated. The VA has benefits for many of you, benefits that you EARNED. These are not hand-outs; they are the offerings from a grateful nation. Come on in and let's see what we can do for you.

I have mentioned this before, but here goes again. If you're a vet or a widow of a vet, and your total income is less than about \$1400 a month, and you have less than about \$3000 in savings, you would be well-served to give me a call. There's a MN Dept. of Veterans Affairs program that may be able to help you. Don't be bashful, call me and we can talk. Who knows? Maybe you'll qualify for something good!

You veterans, you do know about the MN Veterans Preference Act, don't you? This act grants vets limited preference over non-vets in hiring and promotion for most MN public employment positions. For more info on this, take a look at this website: [www.revisor.leg.state.mn.us](http://www.revisor.leg.state.mn.us). This is a link to state statutes, and you can get smart on this stuff yourself. Try looking in the 197.44-48 areas, that's where a lot of this info is.

This is a short one, so I hope you read it! If you have any suggestions on topics you'd like to hear more about, give me a call. Also, again, if you really need/want to see me, it is best to call and set-up an appointment. It ain't 'cause I think I'm a big shot or anything, it just ensures you that I will be here when it works for you, you won't have to stand in line, and I'll have a chance to "get up to speed" on your issues before we meet. Saves us both time.

Last thing—did you get your Support Our Troops license plates yet? Why not?

Over and out.
